

# **Night Flight**

## **Saturday March 8th.**

### **From Dusk till ????**

**Open to all Members and Guests with Gas, Glow, or Electric Models  
(And a method of lighting your model so you can see it.)**

**This is strictly a FUN Event and there are no Contests or Prizes.**

**Flying should begin about Dusk and continue till we decide to go  
home, or run out of Fuel or Electrons.**

**With any kind of luck there should be some Lights and Power Outlets  
working on the field by that time  
(If not then there's always flashlights and car batteries)**

**Pack yourself something to Eat & Drink  
And Come Join the Fun**
