Jeff Lambert is getting ready to fly an "Easy Glider" by Multiplex.

This appears to be the next step up from the "Easy Star Glider" That is currently popular at the field. The front mounted engine Is the obvious difference.

The two people in the cage are Don Ash (new member) and his son Ron.

Ron is visiting from Oregon

**This is Ron Ash with his
“Boxxer” Biplane from Ohio
Model Products.
It uses a Torque motor and 5s
Lipos.**

**That’s Jim Trovillion with
his GWS Pico “Tiger
Moth” The motor is the
standard brushed motor**

Gene McMahan is holding the Hanger 9 “Pizzaz.

He’s running a Saito 56 for the powerplant.

**Gene is back after a two year
Absence.**

**And, Arnold Alpert holding
the “Lil Banchee” in front
of his house. It had one test
flight at this time and was
tail heavy.**
